SLSA eLearning

Surf Life Saving Australia (SLSA) has a number of online courses available to support members in completing their SLSA awards in a more flexible manner. Currently online courses are available in the following streams: Aquatic Search and Rescue, Emergency Care, Beach Management and Powercraft. There are also Safety and Wellbeing, Skills Maintenance and Age Managers options available to be completed online.

The online courses available typically cover the theory components and are designed in many cases to be completed in conjunction with a course Learner Guide which you can access from the SLSA Members Area Library.
